

# Town of Ajax Public Art

**Title: Solar Sail**

**Artist: Solera Sustainable Energies**

**Location:**

Operations Centre  
800 Salem Rd. N.  
Ajax ON L1T 0H4

**Description:**

A fantastic example of solar creativity, the giant "Solar Sail" is a unique, one-of-a-kind solar structure that combines outstanding engineering and design with Ajax's nautical heritage. Innovatively designed by the Solera Sustainable Energies Company, this photovoltaic sail is a major focal point for the facility, generating .8 kW of energy, and draws people's vision to the 100 kW solar installation project on the facility's roof.
