

# Before entering this facility

## Do any of the circumstances below apply to you?

**Please note:** "close contact" refers to being within 2 metres for a prolonged period of time, living with, caring for, being in a relationship with, etc.

- You have tested positive for COVID-19, and have not yet completed your required isolation period/been classified as 'recovered'.
- You have recently been tested for COVID-19 and are awaiting results.
- You have had close contact with a person with acute respiratory illness (new or worsening cough or shortness of breath and often fever).
- You have cold or respiratory symptoms: such as, fever/feverish or NEW cough or sore throat or difficulty breathing, headache or congestion etc.? (A fever is a temperature of 38 degrees Celsius or 100.4 degrees Fahrenheit or greater.)
- In the past 14 days, you have been symptomatic and had close contact with someone who has a confirmed case of COVID-19.
- A member of your household, or someone you've had close contact with, is being tested and waiting for their results for COVID 19.  
**Note:** this does not apply if the person is someone that is being tested as part of the provincially mandated testing of LTCH staff and Emergency Childcare staff.

If you can answer **"YES"** to any of the above, you may not enter this facility, to protect the health and safety of our employees and customers. Please return home.

If you are concerned that you may have COVID-19, call the Durham Health Connection Line (1-800-841-2729), Telehealth Ontario (1-866-797-0000) or speak to a medical practitioner.

If you answered **"NO"** to the questions above, you may enter this facility. Please practice physical distancing, good hand hygiene and respiratory etiquette while here.
