Ward 2 Community ACTION Group

Hello, Ward 2 from Councillor Henry!

Traffic calming and Automated Speed Enforcement (ASE) remain a priority for Ward 2. The messaging from residents is clear, please slow down! Please stay focused when driving!

You will see a number of signs installed throughout the Town referring to Community Safety Zones. These signs are designed to let you know you are entering sections of roadway in Ajax where public safety is a concern and have increased fines for speeding violations. These zones are often monitored by DRPS or an ASE camera and being caught driving over the posted speed could result in fines.

Metrolinx Durham-Scarborough BRT Project

The Metrolinx Durham-Scarborough Bus Rapid Transit Project connects Downtown Oshawa to the Scarborough Centre. This 36 km multi-stop project will increase service frequency to a two-way service every five minutes, resulting in an 85% reduction in average bus delays. Construction is set to begin in 2025, so residents can expect traffic delays due to construction.
