

What is #GetAjaxMoving?

#GetAjaxMoving is an exciting new transportation awareness initiative, giving you the tools you need to get around Ajax easier, faster and smarter. This toolkit series is designed to help you make the switch to walking, cycling, transit, carpooling and telecommuting.

About **1.5 million** Canadians telework from home at least once a week.

With today's technology, it is even easier for people in a variety of industries to work from home and get the job done. This telecommuting toolkit will help you get started.

Work from home!

Telecommuting offers flexibility for workers, especially those who have special mobility needs, or have children or seniors at home.

It's good for the environment!

If **one million telecommuters** worked from home just **one weekday each year**, Canada could save:

 **100** million L fuel

 **250** million kg CO₂

 **800** million km mileage

Telecommute to be green!

It's good for the bottom line!

For every employee who telecommutes **only 2 days a week**, employers can save:

\$10,000 per year

Through telecommuting, companies can **reduce** their **office and overhead expenses** on:
